

RF90F29BECRAA

SAMSUNG

29 cu. ft. Bespoke 4-Door French Door Refrigerator with AI Home in Charcoal Glass Top and Stainless Steel

Signature Features

AI Vision Inside™

AI Vision Inside™ automatically recognizes what's in your fridge, so you always know what's inside. Access a list of what's in your fridge through the SmartThings app or 9" LCD screen.

9" LCD Screen

The intuitive 9" LCD screen offers helpful functionalities across four areas of the day: Food, Home, Family and Entertainment. Recipe recommendations based on your food items, device status by location within your home, syncing the family's calendar, listening to music and more are all available.

Customizable Door Colours

With customizable door panels, choose from 5 colours and 2 finishes to create a space that fits your style.

Beverage Center™

Enjoy plenty of refreshingly cold and flavored water. The Beverage Center™ is inside the fridge, so it is less likely to get contaminated. As well as a water dispenser, it has a dishwasher-safe¹ and BPA-free² AutoFill Water Pitcher for purified water, which can be infused with fruits and herbs

¹ Tested for 125 cycles in accordance with the "Mechanical dishwashing resistance of utensils" test method (BS EN 12875-1:2005) and certified as dishwasher safe by SGS.

² Bisphenol A (BPA) is a chemical found in polycarbonate plastics and epoxy resins, which are often used in food and beverage containers, and has been linked with possible adverse health effects.

This product is available in fixed colour(s) only. Panels can be purchased separately and changed in any of the colors shown below. The 9" LCD Screen Panel is not interchangeable.

Compatible Panels:

Top Panel: RA-F18DU4**

Middle Panel: RA-F36DMM**

Bottom Panel: RA-F36DB4**

SAMSUNG

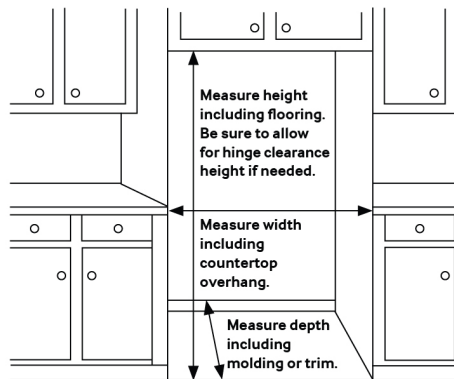

29 cu. ft. Bespoke 4-Door French Door Refrigerator with AI Home in Charcoal Glass Top and Stainless Steel

Installation Specifications

1. Measure the height, width and depth of the opening, making sure to include baseboards, molding tile, countertop overhang, etc. Check to be sure there is enough room to open the door (consider walls, islands or other obstacles when measuring).
2. Refer to illustration below to determine dimensions.
3. Allow 3.75" of clearance on hinge side of refrigerator when installing next to a wall where handle may make contact.
4. Allow 2" minimum clearance at rear for proper air circulation and water/electrical connections. Allow a 3/8" minimum clearance at sides and top for ease of installation.
5. Ensure each door and entryway in the home is wide enough for the refrigerator to be moved through easily.

For optimal usage and ability to open refrigerator doors completely, do not install next to a wall.

Please note: The following dimensions and cutout information is for planning purposes only. For complete installation details, consult manual packed with product, or download manual online at [samsung.com](https://www.samsung.com).

Dimensions

Total Capacity: 28.6 cu. ft.
